3. PhD Mobility grant in EDSYS

The objective is to encourage you to look for a *research experience abroad* during your PhD of *1 to 3 months* (in general)

What should I do to apply?

- 1) Build a solid scientific project
- 2) Get a formal invitation from hosting lab
- 3) Evaluate a budget

What can EDSYS do for me?

Give a grant to cover some costs, shared with others (teams, hosts, Institution, ...)

How does it work?

Give a presentation of my project to the EDSYS Executive Committee

3. PhD Mobility grant in EDSYS

- EDSYS encourages international mobility with a financial participation

Thomas Claudet

3. PhD Mobility grant in EDSYS : real case

Pros:

- Expertise in the field to boost your thesis
- Make really good friends
- Prepare the after-thesis
- New culture

Cons:

- Can be a budget, but funding is here to help
- Far from advisors, then online meetings

3. PhD Mobility grant in EDSYS : real case

Tips:

- Anticipate, even though it can be fast
- Target end of 2nd year / beginning 3rd year
- The Ph.D. is the right moment to try your dream place
- You are skilled and free for the partner most of the time

4. New PhD students : your presentation in 2'

- all PhD students enrolled in their 1st year thesis after February 2023
- individual/personal presentation to create links and mutual support between you

Mandatory training ([Refer to training Syllabus on EDSYS website](#))

Exemptions

- Some specific situations allow for exemptions regarding a category
 - Exemption for a training category only removes the obligation to follow this kind of course, it does not reduce the total of 100 h
- No exemption of any kind for the **Ethics of Research and Scientific Integrity** and the **Scientific** categories
- English (resp. French) language exemption
 - For PhD students with a C1 level in English (resp. French)
 - For PhD students who studied for 1 year in a English (resp. French)-speaking country
- All exemptions must be explicitly registered in your ADUM profile
 - If you are eligible to an exemption explicitly listed above, you must register it on ADUM (follow procedure on EDSYS website)
 - For motives not listed above, if you think you should be exempted from a specific category of training, you need to contact the training supervisor

9. Trainings

Mandatory training ([Refer to training Syllabus on EDSYS website](#))

Additional information

- **You don't have to pay for courses. Courses are paid for by:**
 - Research team or laboratory for summer school, MOOCs, etc.
 - EDSYS for the *École des Docteurs* courses
- **MOOCs**
 - Require a pre-approbation by the training supervisor
 - Need a completion certificate to be validated (*no screenshots!*)
 - No MOOC for language training except if duly motivated
- **Teaching valorization**
 - If you teach at least 50h during your PhD, EDSYS can validate 20h of professionalizing training (on demand; once only)
- **What if I have any doubt about a course?**
 - First consult the EDSYS website
 - If still no answer, send an e-mail to the training supervisor
- **Try to do as much training as possible during the first two years**
 - You'll have plenty to do on your last year!

What does the law say?

› Article 9

Arrêté du 25 mai 2016 → Modifié par Arrêté du 26 août 2022 - art. 7

Le conseil de l'école doctorale adopte le programme d'actions de l'école doctorale. Il gère, par ses délibérations, les affaires qui relèvent de l'école doctorale.

Le conseil comprend de douze à vingt-six membres. Soixante pour cent de ses membres sont des représentants des établissements, des unités de recherche concernées, dont au moins deux représentants des personnels ingénieurs, administratifs ou techniciens.

Il est complété, à hauteur de 20 % du total des membres du conseil, arrondi s'il y a lieu à l'unité inférieure, par des doctorants élus parmi et par les doctorants inscrits à l'école doctorale ; et pour le reste, sur proposition des membres du conseil de l'école doctorale, par des membres extérieurs à l'école doctorale choisis parmi les personnalités qualifiées, dans les domaines scientifiques et dans les secteurs socio-économiques ou culturels concernés.

Sa composition doit permettre une représentation équilibrée des femmes et des hommes. Les règles relatives à l'élection et à la nomination des membres du conseil sont définies suivant des modalités adoptées par le conseil d'administration de l'établissement ou des établissements concernés par l'accréditation.
